

## Type NS-CRL10 Container Ramp

NS-CRL10 container ramp has 10 tonne SWL and a 3.0 metre overall length (1.5 metres of which is horizontal) allowing for easy placement and removal of the first and second line of pallets in a shipping container.

With a 3.0 metre overall length (1.5 metres of which is horizontal) this style allows easy placement and removal of the first and second line of pallets in a container. Fork pockets are provided either side of the ramp, along with flip-up front brackets. Securing chains both side prevent unintentional disengagement of the ramp from the container.

### SPECIFICATIONS:

- Size 3.0m Long x 2.32m Wide x 160mm High (ground to ramp deck)
- Structural Capacity 10000kg SWL
- Enamel Paint Finish
