

## NS-FFS3000-B Fork Spreader & Load Guard

The NS-FFS3000-B budget forklift spreader bar with loadguard is perfect to lift extra wide or flexible loads without the risk of damaging the products such as plasterboard, roof sheeting, timber, plastic tubing etc.

The forklift spreader bar attaches to the forklift by driving the fork tines into the fork pockets then securing with the safety chain back to the forklift.

Supplied with load guard disassembled for shipping. Quick and easy bolt-on assembly required.
