

NS-WS1000 Semi Electric Walkie Stacker 1000kg

The NS-WS1000 1000kg Semi-Electric Stacker features a compact design that is ideal for low-intensity warehouse or plant operations requiring frequent load lifting and lowering. This walk-behind stacker has a 1000kg load capacity and a turning radius of 1210mm.

The wide view mast affords excellent visibility of the fork tips and loads, while premium hydraulics enable smooth control of load ascents and descents.

Rear swivel casters permit easy manoeuvring while integrated foot brake ensures 'peace of mind safety' when the stacker is stationary.

The NS-WS1000 Stacker offers fast, safe and low-cost lifting of cargo and loads for retail outlets, depots and warehouses while offering an affordable solution to your lifting requirements, particularly where space is a major consideration.
